## Invitations are Well Worthwhile

Invite guests to visit your stand at the trade fair. That is because face-to-face interaction is the best way to gain new contacts and cultivate existing relationships.

With our new service, you benefit twice over: not only can you generate and manage exhibitor passes for you and your stand team easily online, but you can also use the same portal to generate visitor admission vouchers and invite your customers by email.

## Your Benefits

### Available around the clock

Register whenever you want: The ticket portal is available to you 24 hours a day, 7 days a week.

### Simple, fast and convenient

Generate one or more exhibitor passes and visitor admission vouchers with a simple click – even after it has started.

### Allocation of free passes

Your allocation of free passes is automatically assigned to your stand, and is displayed for you in the portal.

### Intuitive ticket management

Send vouchers to your customers directly from the system, or download voucher codes that you can send yourself.

### Transparent visitor management

Maintain an overview at all times of the number of guests already invited, as well as of vouchers that have been registered and redeemed.

### Fair invoicing

You will only be invoiced for those exhibitor passes and visitor admission vouchers that are actually used to enter the trade fair.

## Benefits for Your Customers

Your visitors simply convert their vouchers into valid admission tickets by registering them online, after which they can also use them to travel to and from the event on local public transport (RMV) free of charge.
